Skills

React   Nextjs   Redux

MongoDB   Nodejs   Sass

Tailwind   TypeScript

Education Background

BACHELOR'S OF COMPUTER SCIENCE

University of Alzahra

2020 - 2022

About Me

I'm a passionate self-taught **full-stack** developer with specialization in **MERN** stack & **Nextjs** framework, and I like to learn when I have some free time for myself. I have a particular sensitivity to standard and clean coding and I seek to level up both my soft and technical skills by joining development companies as an intern.

Projects *Use vpn for opening the projects*

PROMPTOPIA CRUD APP

CRUD app using Nextjs latest features,

Live Demo   Repo Link

- **Packages:** mongodb, mongoose, next-auth
